This public event is the first in a series of three open house meetings held as part of the Bright 74 Study. The purpose of this first meeting is to gather input from those who know the area best -- residents and property owners, as well as others who use or are interested in the area. In addition, data related to traffic and safety in the study area will be shared.

In accordance with the American Disabilities Act, if anyone has a disability and requires assistance or, in accordance with the Limited English Proficiency Executive Order, requires translation services, please call Florence Parker at (513) 619-7686 or 800-750-0750 (Ohio Relay Service).

The Bright 74 Study is being undertaken by the Ohio-Kentucky-Indiana Regional Council of Governments to identify multi-modal transportation needs, develop conceptual solutions and evaluate improvement alternatives for the area.

***Should you have concerns or questions about the Open House, please contact
