

Other General Recommendations:

Future Evaluation of Other Existing Roads Used to Access the Interstate, Not Included in the Scope of This Study

Based on public input received, the Study Team recommends future evaluation of existing roads that link the Bright Area with other interstate interchanges. Future evaluation would identify potential transportation improvements needed for these other roadways.

- **North Dearborn Road** (between Whites Hill Road and SR 1)
- **North Dearborn Road** (east of State Line Road)
- **Jamison Road**
- **Sand Run Road** (between State Line Road and the Ohio border)
